The Board shall establish systems and processes to monitor results and to evaluate the district's progress toward accomplishing the district's vision and goals.

The Board and the Superintendent shall agree upon appropriate measures of district, school, and student performance and shall establish a schedule for providing regular reports to the Board and the public regarding district progress.

Opportunities for feedback from students, parents/guardians, staff, and community members shall be made available as part of the review and evaluation of district programs and operations.

Indicators of district progress in improving student achievement shall include, but not be limited to, the Academic Performance Index (API) established by the state's accountability system and measures of "adequate yearly progress" (AYP) required under the federal accountability system and district multiple measures.
