January 6, 2021

Dear Santee School District Families:

Last night, our Board of Education discussed the integration of student cohorts beginning January 11. Based on current data, we have determined this timeline is not feasible. At a future meeting, the Board will establish criteria to evaluate when students will return for full day instruction and at subsequent meetings, the Board will review local data against the established criteria.

Therefore, based on Board action, we will remain in AM/PM cohorts for in-person learning until our local criteria has been met. Thank you for your understanding.

Sincerely,

Barbara Ryan
Board President

Kristin Baranski, Ed.D.
Superintendent
