A LITTLE ABOUT ME

Hello! My name is Mrs. Weiss. I am excited to be your child's teacher this year!

This is my 14th year teaching in the Santee School District and 9th year at Chet. I focus on teaching the whole child in order to meet student needs emotionally, socially, and academically. My classroom is structured positively so that children feel safe, successful, and love coming to school! I look forward to helping your child make great progress in all areas this year!

When I'm not in the classroom, I love to spend time with my family, especially with my sweet two year old daughter! We love to be active outdoors at the beach, various parks, and Mission Trails.

I can't wait to meet you all. It is going to be a great year!
